Forecast for Wednesday 07 Oct 2020

Weather: Cloudy with a few showers will continue through the morning. Becoming dry with sunny spells in the afternoon with winds easing. Cloud increasing in the evening with rain arriving from the southwest after dark.

Chance of cloud free mountain/hill tops above 600m: 40% at first, becoming 80% through the morning. Extensive cloud cover above 400 or 500m at first with patches on lower slopes. Bases lifting through the morning to leave just isolated patches affecting the high summits.

Visibility: Poor at most elevations at first but improving as cloud lifts with good air clarity at all elevation by the afternoon.
